Description
Circle Orboros: Rotterhorn Griffon PLASTIC Light Warbeast BOX

Contains one unassembled and unpainted plastic model.

No mere raptor, the shape that wheels across the skies in the shadow of western Immoren's mightiest peak announces its predatory intent with a bloodcurdling shriek. The Rotterhorn griffon is a winged terror, its scream so powerful that its victims suffer agony just by hearing it. Often, the unearthly sound is the last one they perceive before the vicious beast descends to shred them with its mighty talons.
