Description
Circle Orboros: Tharn Wolf Riders Light Cavalry Unit (5) BOX

Contains five unassembled and unpainted metal models.

An eerie chorus of wolves precedes the attack of wolf riders. Bloodtrackers astride huge duskwolves, these warriors strike faster than most enemies can react. The wolves pull down their prey with powerful jaws, and their riders hurl javelin after javelin. Soon nothing remains on the field but meat for crows and the sound of howls fading into the distance.
