Description

Circle Warpborn Skinwalkers Plastic Unit (5)

Contains five unassembled and unpainted plastic models.

Warpwolves bring an undeniable power to the battlefield, but the massive creatures are difficult to control. Warpborn Skinwalkers are Devourer worshippers who chose to undergo a partial transformation that leaves their minds more human while empowering them with a bestial strength. These monsters waded through opposing formations, ripping soldiers apart with their jaws or their hefty polearms.
