Imperial Humans Martyr Frigates

Martyr ships are manned by zealot crews taken from the Imperial Human naval prisons. Given the choice to rot in prison and eventually feel the pinch of the hangman’s noose, or sail to greater glory onboard a Martyr ship, many choose to take the path of glory and end their lives in a shower of pieces! Now for the good news: any crewman that survives the explosion of a Martyr ship receives a full pardon and is welcomed into the ranks of the navy with awe. Martyr ships can operate in squadrons of their own, or be placed in amongst other Frigates, sailing forwards to regain their honour. 3 models per blister. Please note that Uncharted Seas models do not ship with stat cards or any other printed materials. Updated rules and statistics will be available from the 'Downloads' section of the Spartan Games website. Models are made from either resin, pewter, or a combination of the two. Models supplied unpainted and unassembled. Some preparation work may be needed before assembly. We recommend that resin models are washed before painting.
