**Description**

Legion: Naga Nightlurker

Contains one unassembled unpainted plastic model.

As the hosts of Everblight's legion advance, they are preceded on the ground by the fearsome naga. These draconic horrors first spew caustic venom upon their victims before closing to tear the wounded apart with fanged maws. Though seemingly simple in form, the naga are in truth complex spawn representing Everblight's genius in the manipulation of blighted flesh.
