Description

This kit allows you to either field a Hotdog or a Mickey.

The Hotdog is equipped with one of the most lethal weapon of WW2: the flamethrower. Able to cook infantry and vehicle crews alike while machine-gunning any survivors, the Hotdog is a terror on the battlefield.

The Mickey has a short howitzer and is great at attacking enemy infantry in cover from long range.

Miniatures come pre-assembled, primed and unpainted. (but ready to play!)
