Prussian Empire Walze Ironclad

The blitzkrieg tactics of the Prussian Empire are exemplified in the towering iron behemoth that is the Walze Battle Ironclad. The angled armour plates that shield the fore section of the hull provide the best protection of any vehicle its size - making it almost impervious head-on attacks as it storms toward the enemy. As it advances the Walze blasts aside even the toughest opposition with its thunderous 13" Cannon. No redoubt can shield the enemy for long and only the most courageous soldiers will stand their ground in its path. 1 x Ironclad included.
