Skorne: Xerxis, Fury of Halaak

Contains one unassembled and unpainted model.

Gifted with unparalleled skill, discipline, and ferocity as a warrior and a general, Xerxis, Fury of Halaak becomes truly awe-inspiring when he crashes through battle lines atop his cerops mount, Surus. As Xerxis punches through enemy lines, the entire might of his cohort surges to follow, inspired by their tyrant's example. Before him and his matchlessly disciplined troops, fortifications topple and ranks of defenders scatter like sand in the wind.
